## **The Easter market will not take place**

2020-03-23

**The Easter fair scheduled for April 3-13 will not take place this year.**

The epidemiological threat is very high and although our event is not a mass event, we want to follow the recommendations of the Prime Minister and the Chief Sanitary Inspector - explains Leszek Lejkowski, Deputy President of the Krakow Merchant Congregation.

Lejkowski also expressed the hope that after the situation normalizes, the Krakow Merchant Congregation would organize a cultural and commercial event instead of the fair on the Main Square.
