Belgian National Day

2021-07-30

Today, Belgium is celebrating its National Day marking the establishment of the constitution monarchy.

On 21st July 1831 Leopold I (1790-1865) took his oath as the first King of the Belgians. During his 34-year reign King Leopold I devoted his efforts to consolidating the young state.

On this occasion we would like to extend to the citizens of our twin city [Leuven](#) and all Belgians wishes of joyful celebrations and all the best!
