Polish Presidency Exhibition

2025-01-21

The Exhibition of the Polish Presidency of the Council of the European Union has been set up in Wolnica Square. It is the joint initiative of the Chancellery of the Prime Minister of the Republic of Poland and the EU institutions.

The exhibition takes form of a so-called mobile pavilion and contains 12 panels on which text and infographics combine to provide a simple and comprehensive presentation of the functioning of the Council of the European Union.

The pavillion is arranged in a way that not only allows you to learn a lot about the EU Council, but also encourages social integration and relax in the open air, as seating areas are harmoniously complementing the city furniture present within the space of Wolnica Square.

You are cordially invited to see the exhibition!
